

Materials:

- Construction Paper
- Cardboard Tube
- Tissue Paper
- PomPoms
- Googly Eyes
- Glue Stick
- Scissors

Instructions:

1. **Cover the tube:** Make a line of glue on both of the short ends of the construction paper. Line it up along the side of the cardboard tube and wrap it around. Make sure the paper sticks-hold it for 30 seconds to get a good bond.

2. **Make the flames:** Cut long triangle strips of tissue paper to make “flames” for the dragon’s mouth. Put a bit of glue on the wide edge of each piece of tissue paper and stick it on the inside of the tube. Continue around the inside.

3. **Add the face:** Put glue on the backs of the googly eyes and attach them to the larger pom poms. Glue the pom poms in place as shown in the picture. Let the dragon dry for one hour.
